FATHER AND SON PERISH.

Former Loses Life in Attempting to
Save Letter.

Boone, Ia., July 31.—George Tipton and his fourteen-year-old son were drowned in a well on a farm near Luther. The boy had been sent down the well on a rope, but the rope slipped and precipitated him sixty feet, down to the water. He still lived, but could not hold the rope. The father then went down in an attempt at rescue and both drowned.

Two Men Killed.

Irwin, Pa., July 31.—John H. Jones of Pittsburg, general manager of the United Coal company, and Joseph Graham, fire boss, were killed in Edna No. 1 by a fall of slate.

FORAKER IS DEFEATED

Republican State Committee of
Ohio Endorses Taft.

OPPOSE THEIR ELIMINATION

Resolutions Declare That Senators
Foraker and Dick Should Not Be Re-
tired From Public Life—Action of
Committee Not Unanimous.

Columbus, O., July 31.—The candidacy of William H. Taft, secretary of war, for the Republican nomination for president was endorsed by the Republican state committee here by a vote of 15 to 6. The endorsement carried with it a declaration that the Republicans of Ohio are opposed to "the elimination from public life of Senators Foraker and Dick."

Although beaten by a decisive vote in all the preliminary contests, the adherents of Senator Foraker in the committee refused to accept the olive branch extended by the Taft supporters and when the resolution as amended was finally adopted, no effort was made to make the action of the committee unanimous.

The endorsement of Secretary Taft's candidacy by the Republican state committee was vigorously opposed by Senator Foraker, who upon the eve of the meeting of the committee openly voiced his dissent to the proposition.

The senior senator from Ohio controlled seven of the twenty-one members of the committee on all votes except that taken upon the adoption of the resolution endorsing Taft. A. W. McDonald of the Sixteenth district broke with the Foraker forces on the final ballot, which stood 15 to 6.

The Taft Resolution.

The Taft resolution was presented to the committee as soon as it had convened in the Neil House by Senator N. F. Overholt of the Eighth district, who made a brief speech in support of it. C. B. McCoy of the Seventeenth district, who led the Foraker forces, raised the point of order that the committee was not following the order of business set forth in the call for the meeting issued by Chairman Brown. The chairman ruled that the point was not well taken and Mr. McCoy appealed from the decision of the chair, which was sustained by a vote of 12 to 7, the members from the First and Second districts refraining from voting.

It was at this stage of the proceedings that the amendment to the resolution declaring that the Republicans of Ohio are opposed to the elimination from public life of Senators Foraker and Dick and was offered by W. H. Phipps of the Fifth district. Committeeman Gould, who is warden of the Ohio penitentiary, endeavored to block action by a motion to adjourn. The motion was defeated, 14 to 7. The Phipps amendment was then put and adopted, 11 to 10, all the Foraker members and three of the radical Taft supporters voting against it. The resolution as amended was then adopted by a vote of 16 to 5.

A. E. Vorys, manager of the Taft campaign, declared that the action of the committee was important in that it gave assurance to other states that Secretary Taft had the support of his party in Ohio.

BIG PLANT DAMAGED.

Fire at Chicago Causes Heavy Prop-
erty Loss.

Chicago, July 31.—The plant of the Chicago, New York and Boston Refrigerator company at Fifty-first street and Central Park avenue was damaged by fire to the extent of \$300,000. The flames, which for a time threatened to destroy the entire establishment, originated by the bursting of an oil pipe in the steel shop.

For some time it was thought that the fire department would be unable to prevent the fire from destroying some cottages adjoining the refrigerator plant, but this was finally accomplished after a hard fight.

AGAINST POWDER TRUST.

Papers in Suit of the Government Are
Filed.

Wilmington, Del., July 31.—The papers in the suit of the government against the so-called powder trust were filed in the United States court here by Assistant Attorney General Purdy. After the reading of the petition the court issued the subpoenas asked for and they were made returnable on the first Monday in October. Counsel for the Dupont company decline to make any statement regarding the proceedings.

SUSPECTED ROBBER ARRESTED.

Butte, Mont., July 31.—George Tower, who is believed to have participated in the attempted holdup of the North Coast Limited a few months ago, when Engineer Clow was murdered, has been arrested.

BREAK IN THE ERIE CANAL

Four Boats Drawn Into the Bed of a
Creek.

Syracuse, N. Y., July 31.—The stone walls that support the bed of the Erie canal at a point near the center of this city where it passes over Onondaga creek gave way and four canal boats were drawn into the bed of the creek beneath, fifty feet of the wall of the three-story Empire flouring mill fell into the water and the Bartels and Greenway breweries, respectively on the north and south banks of the canal, were threatened with demolition.

The driver of the canal boat Peter J. Rulter of Black River noticed that he was moving too rapidly and hurriedly moored it to the canal bank. The rope snapped like a thread, carrying away part of the wall upon which the flouring mill stands. Fred Race, owner of the boat, brought his wife and daughter on deck and when the boat neared a safe section of the wall, all jumped to shore. Henry Race, eighty years old, father of the owner, was saved by employees of the Standard Milling company.

The Goodell was tied up at the gas plant to a crane. It pulled the crane over and severed a steel anchor cable. A foreman in a gas plant caught two women and a child as they jumped to the bank and the boat was drawn into the break, followed by the Major J. J. Bailey, owned by J. Davenport. Two boats owned by Frank G. Foote of New York were swept into the vortex. Mr. Foote's wife and four children were saved by a deck hand. The Peter J. Rulter was carried into the break and the remaining wall of the Empire mills is badly cracked and will have to come down.

MOYER NOW OUT ON BAIL

Released From Jail on Bond
of \$25,000.

Boise, Ida., July 31.—After a delay of thirty-six hours Charles H. Moyer, president of the Western Federation of Miners, was released from the Ada county jail at a late hour Tuesday night on a bond of \$25,000 signed by Timothy Reagan and Thomas J. Jones of Boise.

Moyer will leave for Salt Lake City in company with William D. Haywood, who on Sunday was acquitted of the murder of former Governor Steunenberg. After a stop of a few hours in Salt Lake they will proceed to Denver, the headquarters of the federation.

Dr. L. G. McGee of Wallace, Ida., charged with perjury in the Haywood case, had a hearing in the probate court and was bound over for trial and released on his own recognizance. Dr. McGee swore that Harry Orchard was in Wallace in August, 1904. Orchard was a witness against him Tuesday and declared he was not in Idaho at the time mentioned.

The telegram sent by Rumbaugh to Coey, taken in the light of his suicide, has more meaning than before. It follows:

"Laura committed suicide on account of you. Letters left behind. Send \$300 at once for expenses."

Rumbaugh's death is expected hourly.

Two brief notes signed by Rumbaugh are all that explain the young man's act. One note addressed "to whom it may concern" reads as follows:

"Ship my body to Mrs. J. H. Rumbaugh, Mount Pleasant, Pa., Westmoreland county. Notify the Travelers' Insurance company of Hartford, Conn., and the Fraternal Order of Eagles of Scottdale, Pa."

The second note, addressed to his mother, Mrs. J. H. Rumbaugh, at the above address, follows:

"Dear Mother—There is nothing for me to say why I did this awful deed, so lay my body away to rest. I have about \$350 on my person. You and Charlie settle things up."

"I am exceedingly sorry to see this

unfortunate tangle, for it is likely to cause a deal of litigation for the city and county of San Francisco for years to come. My own course is clear. Acting upon the advice of my attorney, which I believe to be absolutely legal, I hold that I, as the mayor of San Francisco, have the sole power of appointment to vacancies in municipal offices and that the appointive acts of Edwin B. Taylor are void."

OFFICERS ARE MYSTIFIED

Unable to Locate Strangler of Two
Women in New York.

New York, July 31.—No arrests have been made in the cases of the two women who were strangled to death and whose bodies were discovered, one Monday night and the other early Tuesday. Detectives have been hard at work on the cases but have been unable to find any traces of the murderer or murderers.

The woman who was found dead with a necktie knotted around her throat in a boardinghouse on Twenty-second street has been identified under several names. It seems probable that she is Mrs. Sophia Kehler, wife of Jacob Kehler of Buffalo.

The police have as yet found no clue as to the identity of the woman whose body was found in an areaway in East Nineteenth street. They believe, however, that both crimes were committed by the same person, as both bodies were mutilated in the same manner.

ADDS TO THE MYSTERY

Friend of Miss Matthews At-
tempts to Commit Suicide.

DEATH IS HOURLY EXPECTED

Young Man Tries to Kill Himself When
Summoned to Tell What He Knew
of Woman's Suicide—Now Dying
in a Hospital.

Colorado Springs, Colo., July 31.—Amos R. Rumbaugh of Washington, D. C., a close friend of Miss Laura Matthews, the young woman who committed suicide near Broadmoor Sunday night, added horror and mystery to the gruesome case by shooting himself through the head in the same manner adopted by Miss Matthews.

He is dying in the hospital to which he was taken for treatment.

Rumbaugh committed the act in his room at the Alta Vista hotel. The hour when the fatal shot was fired is not known and the deed was not discovered until officers went to his room to ascertain why he had not responded to the subpoena to attend the coroner's inquest over Miss Matthews' body.

When the officers appeared at the hotel a bellboy was sent to Rumbaugh's room to see what was the matter. The boy found the door locked and could get no response. The officers asked that the door be opened but the key was on the inside and another could not be inserted in the lock. An officer was boosted up to the transom and looked in, and the spectacle he saw was horrifying.

Rumbaugh was reclining on the edge of the bed and his blood had streamed out onto the floor. He was unconscious. A hasty examination showed that the man was still alive and he was taken to a hospital.

That the act of Rumbaugh was the direct result of the death of Miss Matthews is not doubted. He was to appear as a witness at the coroner's inquest to tell what he knew of his friend's tragic end. Rumbaugh claimed to be but a chance acquaintance of the girl, but it developed that

He Knew Her in Chicago

and also knew C. A. Coey, the wealthy Chinese, and Dr. H. A. Thomas of the "101 Ranch." He was frequently a member of parties at which Miss Matthews and the other men referred to were members.

Rumbaugh was the one who sent the telegram to Coey demanding that he "do the right thing by the girl," and it was with him that Miss Matthews left the letter in which was enclosed another letter to Coey.

The telegram sent by Rumbaugh to Coey, taken in the light of his suicide, has more meaning than before. It follows:

"Laura committed suicide on account of you. Letters left behind. Send \$300 at once for expenses."

Rumbaugh's death is expected hourly.

Concord, N. H., July 31.—After a hearing lasting all day, Magistrate Edmund S. Cook, before whom the depositions were to have been taken in connection with the suit to secure an accounting of the property of Mrs. Mary Baker G. Eddy, the Christian Scientist leader, Magistrate Cook decided to suspend the taking of these depositions in order that an appeal for advice on the technical questions involved might be taken to Judge Chamberlain of the superior court or to the masters appointed by him. This was a victory for counsel representing Mrs. Eddy, who contended that the right to take depositions in an action is suspended during the trial of the action before the masters. Counsel for the "next friends," the plaintiffs in the original suit, opposed the motion for suspension vigorously and there were some lively tilts between

Former United States Senator William E. Chandler, senior counsel for the "next friends," and General Frank S. Streeter of counsel for Mrs. Eddy.

The ruling of the magistrate postpones all proceedings in the case here until next week.

TWO CHILDREN CREMATED

And Two Other Persons Probably Fa-
tally Burned.

Cambridge, Mass., July 31.—Two children were burned to death and two other persons were burned so severely that they will probably die in a fire in a tenement block at No. 13 Pine street. The dead are David McGlashan, aged three, and John McGlashan, aged five. The father, David McGlashan, aged thirty-two, and his daughter, L. Euphemia, aged seven, were critically burned. The fire is supposed to have started from the explosion of a lamp. The family were asleep when the fire broke out.

A NEW RULING

An order issued by the postmaster general regarding postal cards and which is effective on and after August 1st will be of interest to the general public inasmuch as it affords the users of postal cards substantially the same privileges accorded to users of "post cards." The new order says the face of the card may be divided by a vertical line placed approximately one-third of the distance from the left end of the card, the space to the left of the line to be used for a message, etc., but the space to the right for the address only, and addresses may be either written, printed or affixed thereto at the option of the sender. Very thin sheets of paper may be attached to the card on condition that they completely adhere thereto, and such sheets may bear both writing and printing. Advertisements, illustrations or writing may appear on the back of the card and on the left third of the face. The addition to a postal card of matter other than as above specified will subject the card, when sent in the mails, to postage according to the character of the message—at letter rate if wholly or partly in writing, or third class rate if entirely in print. In either case the postage value of the stamp impressed upon the card will not be impaired. Postal cards bearing particles of glass, mica, metal, sand, tinsel or other similar substances, are unuseable except when enclosed in envelopes with proper postage attached, or when treated in such a manner as will prevent the objectionable substances from being rubbed off or injuring persons handling the mails.

AVERT DANGER

OF BIG STRIKE

Northern Pacific Road Reaches an Agreement With Committee of Its Carmen

NINE THOUSAND MEN AFFECTED

Five Per Cent Increase in Pay is Granted, Which is Satisfactory

SPECIAL TO THE DISPATCH:—

St. Paul, July 31.—A settlement of difficulties has been effected with the union carmen of the Northern Pacific railway and the threatened strike of 9,000 men, has been averted. A committee of seventeen men, representing carmen from all parts of the railroad, have been holding conferences in this city for eight weeks, but their session was adjourned today on account of an agreement being reached with the railroad.

The committeemen had been holding 9,000 men in readiness for a strike order, and they were prepared to walk out at a minute's notice. If the strike had been called the operation of the railroad would have been almost at a standstill and traffic on the system would have been paralyzed.

Demands were made for an increase of 15 per cent in pay and a closed shop; that is, a shop which is controlled by union interests. The men were not granted either of their demands, but compromises were effected which were satisfactory to both sides. The men were granted, approximately, a five per cent raise in pay and certain conditions in the shop which they desired, although the railroad company made exception to protect the non-union men in its employ.

The difficulty on the Great Northern road was adjusted last week, after conferences lasting six weeks while the Great Western men have, as yet, made no demands.

It is understood that the employees of the Chicago, Milwaukee & St. Paul railway, who are members of the carmen's union, are preparing to make demands on their line and a committee has been selected to meet in Milwaukee next week, preparatory to holding a conference with the officials. There are about 10,000 men who are members of the union on the St. Paul road.

Charles Levant, of Eveleth, is in the city visiting his brother, Ed. Levant. He is a cranesman in one of the mines and is down here waiting for the strike to be over.

BUYING OLD FIDDLES.

Many Fine Instruments Have Been Picked Up Cheap.

Great numbers of fine old violins and violoncellos that come into the high class market of London are procured through the medium of advertisements inserted in obscure country papers and especially those of ancient cathedral cities.

Of course few of the fiddles thus obtained are veritable masterpieces, but a great many of them are fine examples of early English and foreign makers, and they are often bought for ridiculously small prices by a group of experts, who have brought the business to a lucrative system. Many a struggling family of long descent, in some out of the way part of the country, happens to see in the one county newspaper of the week that good prices are given for old fiddles, and some long forgotten instrument in a lumber room or put away on a shelf suddenly comes to mind.

Correspondence follows. The dealer sends a deposit in order that some fiddle spoken of may be sent to him and examined, and he usually replies that the instrument sent is dilapidated and but so generally, but that he is willing to give 30 shillings or £2 for it. In a great many cases the offer is accepted offhand, and in this way most of the finest fiddles extant of the second class come into the hands of dealers.

Only lately a cello that came from a Shropshire farm at the price of £2 sold the same day to a west end dealer for nearly £100.

One of the most shrewd and respected of all these dealers was until a year or two ago a humble member of the orchestra of a London suburban theater. He began to advertise in remote papers to the greatest units of his scanty wages and is now one of the most extensive and prosperous dealers in the trade.—London Tit-Bits.

ALMOST IN
DEATH TRAP
Ira White and Tim Amos Have
Narrow Escape From Death
on Broadway Crossing

WAS AFTER FLAGMAN LEFT
From Six O'clock There is no
Protection for Dangerous
Railroad Crossings

Ira. C. White and Tim Amos and an
unknown party had narrow escapes
from death at the North Broadway
crossing about 9:30 Tuesday night.
There is no watchman at this crossing
after six o'clock at night and there is a
switch engine at work in the yards all
night as well as the road engines
and trains. White and Amos were
driving north with White Bros. de-
livery team and as they approached the
crossing, closely following another
team, there were cars on one of the
tracks, with a space of about a car
length between. There were no switch-
men in sight and there was no sound of
engine, according to Mr. White. There
were three teams, White being the last
he followed the other two and just as
he got between the cars he saw a string
of cars being pushed rapidly down the
next track without any one with them
to give the alarm. They barely missed
the hind end of the wagon ahead of
White by a couple of feet. White set
back on the reins and started to back
his team and turn them around when
the neck yoke strap broke. The team
then jumped and threw the seat and
men into the air. Amos fell back in
the wagon and was unhurt, but White
was thrown under the wheels of the
wagon and his face badly bruised on
the planks. One wheel passed over his
head and neck and his left hand was
badly bruised. Amos grabbed one of
the lines when White fell and whirled
the team around and kept them from
running, which would probably have
been fatal, as the other rein had be-
come wrapped around White's leg.
Though badly bruised Mr. White was
able to walk to the Northern Pacific
hospital this morning to have his bruises
fixed up. He looks as if he had been
through a mill with Sharkey and Jef-
fries.

Moving Pictures The Best

During the coming Redmen's carnival the moving picture loving people of Brainerd will have a chance to see some real novelties in this line, as the C. W. Parker Shows always take two or three local pictures and show them during the week so don't be surprised if you see yourself coming across the street or at your place of business in the moving picture show. The company carries forty reels of film and change the program every day. Among the real sensational pictures that will be shown is the Thaw-White trial in New York from the first meeting of White and Evelyn Nesbit up to the finish, the life of an American cowboy is another feature that will be pleasing to Brainerd folks.

HAD TWO RUNAWAYS

Con O'Brien's Teams got Fractious
Tuesday—Ole Larson had His
Ankle Broken

Tuesday was evidently the day chosen
for Con O'Brien's teams to indulge in
vacations. Two of them tried to es-
cape work by running away. One be-
ing driven by Ole Larson became un-
manageable and he jumped from the
rig, breaking his ankle. The accident
occurred in Southeast Brainerd, near
the residence of Peter Christianson.
A telephone message was sent to the
store and one of the other teams went
over after Mr. Larson and took him to
his home on North Ninth street. An-
other team belonging to Mr. O'Brien,
and driven by Giles O'Brien, took a
run down Broadway from the store,
smashing the wagon badly. No one
was in the rig at the time, Giles having
stepped into the store for a moment.

Formal Farewell to Mrs.

The members of the Women's Chris-

well reception for Mrs. Charlotte Smith
Tuesday afternoon at the home of Mrs.

met to wish her God speed for herself
and family, who are soon to depart for
the coast where they will make their

was given, speeches of good cheer and
loving words were made. A sumptuous
supper was also served. The local

sented to Mrs. Smith in behalf of the
W. C. T. U. a very nice black dress
pattern in token of loving remembrance,
also the autographs of all present for
her to read in her far away home.

I am glad to say that I have never had

Spying on Bargain Gifts.

The engaged girl was found studying in an auction room.

"I don't expect to buy anything," she said, "but I want to see if anybody I know buys anything. A lot of auctioneers are advertising that they have on hand bric-a-brac and pictures and odds and ends of furniture suitable for wedding presents. That set me to wondering if any of my friends would try to avail themselves of these auction room bargains when buying presents for me. I saw two girls here this afternoon who have been invited to my wedding. One bought some kind of a brass bowl, another a vase. They got the things dirt cheap. I fancy they are for me. If they are—well, just wait till those girls get married!"—New York Press.

WOMEN'S WOES

Brainerd Women are Finding Relief
at Last

It does seem that women have more
than a fair share of aches and pains
that afflict humanity; they must "keep
up," must attend to duties in spite of
constantly aching backs, or headaches,
dizzy spells, bearing down pains; they
must stoop over, when to stoop means
torture. They must walk and bend and
work with aching pains and many
aches from kidney ills. Kidneys cause
more suffering than any other organ of
the body. Keep the kidneys well and
health is easily maintained. Read of a
remedy for kidneys only that helps and
cures the kidneys and is endorsed by
people you know.

Mrs. L. Peterson, wife of L. Peter-
son, janitor of the Columbian block,
Brainerd, Minn., says: "I have given
Doan's Kidney Pills a thorough trial
and believe that this remedy is the
most reliable preparation that exists
for kidney trouble. I used to suffer
from constant dull aching in the small
of my back and loins and other symptoms
which plainly indicated a dis-
ordered condition of the kidneys. I de-
cided to try Doan's Kidney Pills and
got a box at H. P. Dunn & Co.'s drug
store. After using a few doses I felt
better and in a few days the pain and
other symptoms of kidney trouble dis-
appeared. I believe that Doan's Kid-
neys Pills have given me a new lease
of life, and am so confident that this
remedy will do the same in all cases of
kidney trouble that I am advising every
sufferer I meet to use it."

MUSIC AND DRAMA

"Bijou"

Again last night immense crowds at-
tended the magnificent performance at the
"Bijou" presenting "Harliquin's Story," which will be shown for the
last time this evening. This is one of

drama production, and from start to
finish the audience is held spell bound

other and the latter far more magnifi-
cent than the first. This film is 1,400
feet in length requiring two reels.
Tonight will be the last opportunity to
see this production and it will never be
presented in this city again.

A SILLY TRAGEDY.

The Duel Between Tom Porter and Sir Henry Bellasis.

Some of the royalists who were
forced to endure the English common-
wealth seemed to console themselves
for the dullness of life under a Puritan
government by fighting as many duels
as they could compass, so that ignoble
squabbles and foolish plots make up the
history of their days.

Tom Porter was of a family which
had zealously served the king. Under
the new government his occupation was
gone, and he descended to triviality
of life which finally involved him in a
most pathetic event. This was a duel
which he fought with his friend, Sir
Henry Bellasis, and which, says Pepys
in his "Diary," is worth remembering
for the silliness of the quarrel, * * * a
kind of emblem of the general com-
plexion of the whole kingdom."

But, silly as the quarrel undoubtedly
was, it carried in it an element of heart-
break.

The two young men involved were
intimate friends and companions, but
one day, "being merry in company,"
Tom Porter said he should like to see
the man in England who would dare
give him a blow. With that Sir Henry
Bellasis struck him a box on the ear.
The inevitable duel followed, wherein
each was wounded. Sir Henry proved
to be seriously hurt, so he called Porter,
kissed and bade him fly.

"For," said he, "Tom, thou hast hurt
me, but I will make shift to stand upon
my legs till thou mayest withdraw, for
I would not have thee troubled for

SITUATION IS SERIOUS

Citizens of Nashwauk, Minn., apprehensive of Trouble.

ASKS FOR STATE TROOPS

County Attorney of Itasca County Requests That Militia Relieve Deputy Sheriffs Now on Duty—Leader of the Strike Arrested.

Nashwauk, Minn., July 31.—County Attorney Thwing of Itasca county and citizens of Nashwauk, Bovey, Colemine and Grand Rapids now at Nashwauk have wired Governor Johnson requesting him to answer in full sustaining the actions of Sheriff Hoolihan, whose removal has been asked by the Western Federation agitators, whose chief grievance is that the red flag was taken from them by a deputy. The situation is critical here. Two hundred irresponsible strikers are likely to continue serious disturbances indefinitely and the county attorney suggests that the deputies, who cannot remain much longer, be relieved by troops, as trouble will surely follow their departure to their homes.

Sheriff Hoolihan continues to hold a tight grip on the situation, sustaining the governor's position on the flaunting of the red flag. The mines are being operated and the men well protected. More miners are ready for work, but are intimidated by threats. The citizens here consider the outlook grave.

REPLY TO THE STRIKERS.

Will Close Negotiations on Part of Steel Corporation.

Duluth, July 31.—While the officials of the steel corporation will continue the conciliatory attitude which they have thus far maintained toward the striking ore dock employees it is not believed that they will hold open to them more than twenty-four hours an opportunity to work.

There is unquestioned basis for the statement that a reply has been drafted in answer to the last communication of the strikers announcing their willingness to go to work upon the appointment of a committee of arbitration to settle the differences between the men and the company. This reply soon will be delivered to the men through the medium of Mayor Cullum. It is understood that the letter will assert the willingness of the company to meet any of their employees individually or as a committee to discuss with them any points in dispute which the men feel should be adjusted after they have returned to work, but at the same time pointing out where they consider the arbitration does not concern the main issues between the men and the company.

This letter will definitely close the negotiations with the men on the part of the United States Steel corporation and should the men then decline to return to work the steel corporation will proceed at once to make preparations to resume operations on the docks with such labor as it may have at its command.

It is understood from those in the confidence of the men that the latter will return to work and leave the adjustment of any grievances to the fairness of the officials.

Miners Would Return to Work.

It seems to be the sentiment among business men and others who have kept in touch with the conditions on the range that as soon as the docks are in operation here the miners will all return to work in the mines. In fact, it is freely stated that except for those who are under the sway of the labor leaders of the Western Federation of Miners there will be a general rush to return to work when it is announced that the docks are in shape to handle all the ore that can be mined.

The labor leaders on their side, however, assert that they can keep the docks and mining operations tied up. The labor leaders say that there will be no violence either in Duluth or Superior when the docks are reopened for business or on the iron range when the mines are fully open and the men will not be molested if they want to return to work.

This strike so far has been very orderly and the steel officials in speaking of the conduct of the men often refer to this fact. But there has been no occasion for any demonstrations except possibly at the mines, where work is gradually being resumed.

The only incident on the range out of the ordinary occurred when Teofilo Petriella, the strike leader, was arrested and placed in jail at Hibbing on a charge of carrying concealed weapons. He was bound over to the grand jury at the September term of court in the sum of \$1,000. Bail was promptly furnished by officers of the Western Federation and he was released.

Petriella claims that he was carrying the revolver found on his person by the deputies because he had \$1,000 in cash in his pockets. He said he was out collecting money from the local unions.

There was scarcely a ripple of excitement over the arrest.

IN BATTLE ON THE STREETS

Negro Ex-Convict Killed and a Bystander Wounded.

Chicago, July 31.—William Wood, a negro ex-convict, was instantly killed by Police Sergeant Hertz after a fierce revolver fight in which Wood and several other officers besides Hertz participated. During the fight Henry A. Noyes, a bystander, was shot in the abdomen by Wood and was taken to the hospital in a critical condition.

Wood was discovered in the basement of a bakery at 2848 Archer avenue and the baker asked that an officer be sent to arrest him. Officer R. McComb was sent to the place and when he entered the basement and demanded the surrender of Wood, the latter opened fire with a revolver. McComb returned the fire and the negro fled from the basement with McComb in hot pursuit. Noyes was standing in front of his home at 209 South Sangamon street when Wood passed him and a bullet from the colored man's revolver struck him in the abdomen.

Police Sergeant Hertz and several other policemen joined in the pursuit and for several blocks the running fight was continued. Wood finally sought to escape by climbing a fence. He was on the fence when Sergeant Hertz fired at him, the bullet striking him in the back and causing instant death.
